Waystoneshares now offers all traders the opportunity to trade a wide range of the top ranked digital coins 24/7\*. Today cryptocurrencies have become known to most people as a conventional and popular investment option. The main purpose of this new technology is to allow people to buy, trade, and invest without the need for banks or any other financial institution.

# Our Services

## LOAN GRANT

Getting a loan doesn't have to be intimidating, with the right lender it can be a simple process. You only need a lender committed to taking the mystery out of the mortgage loan process! At Waystoneshares, we understand! Our investors want simple facts, honest answers and competitive products. DGS automatically offers loan services to investors with over \$50,000 investment either in our normal Waystoneshares financial Services packages or the NFP plans. Investors over \$50,000 are entitled to loans of \$200,000-1million dollars yearly with 5% paid monthly, or the investor could wish to compound the interest till the time limit, provided all required information and identity of the investor are duly confirmed by Waystoneshares loan board. Every investor above \$50,000 is provided with a personal account manager and the investor has a direct communication with the manager in order to see that our loan offers are secured.

# Our Services

## Medical Cannabis

For many years we have been working conscientiously and with the most diverse technologies and means. We have constantly successfully completed our projects. We believe that the full benefits and potential of cannabis as a medical therapy are within our reach only through supply chain transparency, an engaged and active network of cannabis users, and data that is consistently available and verifiable for medical surveys and for developing and establishing therapies and life-prolonging solutions and treatments on blockchain technology. Our vision is one in which cannabis medical research gets the support it needs and deserves

# Our Services

## FOREX TRADING

Forex is a portmanteau of foreign currency and exchange. Foreign exchange is the process of changing one currency into another currency for a variety of reasons, usually for commerce, trading, or tourism. According to a recent triennial report from the Bank for International Settlements (a global bank for national central banks), the average was more than \$5.1 trillion in daily forex trading volume. Because of the worldwide reach of trade, commerce, and finance, forex markets tend to be the largest and most liquid asset markets in the world. Market participants use forex to hedge against international currency and interest rate risk, to speculate on geopolitical events, and to diversify portfolios, among several other reasons.

## GOLD INVESTMENT

Commonly seen as a great store of wealth, this precious metal is also known as a reliable safe-haven asset. With a rich history amongst almost all global cultures, gold remains a highly popular investment. Although it has multiple uses, its primary function is typically to hedge against inflation in an often volatile futures market, as well as to diversify existing Precious Metals Investment Retirement Accounts. Gold has been one of the most valuable precious metals throughout human history, used by elites as a symbol of wealth for centuries due to its rarity and its ability to hold its worth for a long time. Historically, it has been the most common way to pass on one's wealth as an inheritance from one generation to the next. Gold is considered a worthy investment, with coins and bars available for purchase in various sizes, ranging from one gram to a whopping 400 ounces. Being the most reliable investment commodity available, gold has proven to be a perfect way to diversify your investment portfolio and an excellent safeguard against volatile currency.

## OIL AND GAS

### Oil trading with CFD

Surprising as it might be, anyone can invest in the oil market to make a profit. Indeed, the development of online trading platforms has allowed individuals to use their savings to speculate on rising or falling oil prices. To this end, simply choose your method of trading between the CFDs offered by Forex brokers, which are specifically designed for beginners. Invest-oil.co.uk makes a point to explain how these two trading tools work and how best to use them for profit.

### Benefits of investing in oil:

Traded oil has many advantages compared to other popular assets such as for example stocks. Speculating with oil only requires some basic technical and fundamental analysis of the market. Terms seem complicated? Not to worry! The website [invest-oil.co.uk](http://invest-oil.co.uk) was specifically created to assist investors in understanding the rules of investing in black gold and thereby enable them to easily gain access to this opportunity. You will have the upper hand to quickly make profits and earn money simply through oil price changes.

## RETIREMENT PROGRAM

Saving for retirement can be a daunting task, but with a sound strategy, it's well within reach. Waystoneshares is here to bring clarity to retirement planning and set you on your path to success. Here you'll better understand your options and find the right investment. If you had the chance to double—or even quadruple—your retirement savings, you'd probably jump at that opportunity, right? Well, there's one simple change you can make today that's sure to boost your retirement savings.

Waystoneshares study of worldwide retirement saving habits discovered that people with some kind of retirement plan have more than three times as much in their nest egg than those with no plan at all. And savers who take it one step further by working with an investing advisor to put their plan to paper? Their average nest egg is a whopping 445% bigger than non-planners. That's a big deal! Now, did you catch that? By working with an advisor and by having a plan in place, you can supercharge your retirement savings.

# Rules and Guidelines

At waystoneshare, we highly value transparency and ensuring that our clients' investments are managed with the utmost care and professionalism. Therefore, the following rules and policies are to ensure a secured investment experience for all our partners.

1: Comprehensive Due Diligence: Before any investment opportunity is presented to our clients, we conduct thorough due diligence. Our dedicated team of experts meticulously examines each proposed venture, analyzing its financial viability, market potential, and risks involved. This ensures that our clients are presented with only the most promising investment options.

2. Risk Management: Investment inherently comes with risks. However, at Waystoneshare, we employ a rigorous risk management framework to minimize potential downsides. Our skilled risk management team monitors market conditions, performs regular stress tests, and implements proactive strategies to mitigate risks, aiming for long-term sustainable growth for our clients' portfolios. And because of this a waystoneshare investor is required to insure his or her account, so that it will cover any form of inconveniences experienced by our clients from his /her wyastonshare wallet to an external wallet .

3. Diversification: We believe in the importance of diversifying our clients' portfolios to spread risk and maximize returns. Our experienced investment advisors carefully allocate assets across various industries and asset classes to create a well-balanced and diversified investment portfolio. By spreading investments across multiple sectors, we aim to lessen the impact of market volatility and optimize potential returns.

4. Long-Term Focus: At Waystoneshare, we prioritize a long-term investment strategy over short-term gains. We believe in the power of compounding and the benefits of staying invested in quality assets over time. Our team continually evaluates the performance of investments and makes necessary adjustments to align with long-term goals while considering short-term market fluctuations.

By consistently managing a compounding account, you will receive significant recognition from Waystoneshare, which includes the opportunity to earn a substantial Company Bonus. These bonuses can be awarded on a monthly basis, during special occasions, annually, or when the market experiences a bullish trend.
